NEXT STEPS

QUESTIONS ARE PROVIDED FOR PERSONAL STUDY AND APPLICATION TO TAKE THIS MESSAGE DEEPER INTO YOUR LIFE.

1. In this week's message pastor shared how the renewal of our energy can come from the power and promises of God. The gospel reading this week was from **Mark 4:35-41**. Jesus demonstrated his power to control the forces of nature. **How does such power strengthen your faith in God's promises?**

2. Superheroes are superheroes because they serve and protect others. It's possible to have a superpower, but not be a superhero, but rather a villain or someone who stands by and does not act. True superheroes bring their power to bear on others in a positive way and bring positive change to their world. Look again at **2 Corinthians 4:13-15**. Paul writes that our faith motivates us to speak and declares that as the grace of God touches more lives, it brings glory to God. **Consider how you may renewed and energized to give bold witness to your faith this week? What specific opportunities might you have? How do you plan to speak?**
